Someone's turning the lights down low
And the music up, do you feel the beat?
I see you do by the way you move
I need to feel your body moving on me

You must be an illusion
Can I see through you?

Someone's pulling me out the house
'Coz there's cars parked up and down the street
Your dress is begging to come off
A quiet dark place is all we need

You must be an illusion
Can I see through you?
You must be an illusion
You must be an illusion

When we escape
It's with a white lie, we're both alive
Now we lay this close
Catching measures of the pulse

You must be an illusion
Can I see through you?
You must be an illusion
You must be an illusion

You must be an
You've got to be
An illusion, an illusion

You must be an illusion
Can I see through you?
You must be an illusion
You must be an illusion
You must be an illusion
(You've got to be an illusion)
