### "Differences"

If you look back to our past days  
You will see we were lost love friends  
All the words we said must have meant something  
Our worlds collided with the beat of this  
This will not be much clearer  
Your day will look brighter without me in it  
The difference we haven't changed a bit  
The same people with seperate lives and seperate  
smiles  
If it weren't for you i wouldn't be doing these things i do  
The last thing i ever wanted went away  
All good things must end  
This is part of life that must happen  
Without you here
