Reality it is a lie  
The briefest dream before I die  
To comprehend the cosmic scheme  
See the truth behind my dream

Look out for me  
Let's trip on L.S.D.  
Look out for me  
D.S. look out for me

Rocky's gold, leb is red  
Black goes right to my head  
Mushroom tea, a toke of weed  
Amphetamine is real good speed

Look out for me  
Come have some mushroom tea  
Look out for me

D.S. look out for me

Lines of speed on a mirror face  
Sniff it up through a biro case  
Heroin is for the hero  
It's a killer, you gotta say no

Look out for me  
Let's trip on L.S.D.  
Look out for me  
D.S. look out for me

Turn to drugs to free my mind  
Just to see what I would find  
Tabs are great, now ask the drummer  
Smack my friend is just a bummer
