"Beyond Wrath"

Visit "[Beyond Wrath](#)" on MotoLyrics.com

Beyond consciousness lies wrath
Beyond wrath lies birth and awakening of that
Which haunts you
Sterility of fear overcomes you
Void & emptiness fuels the pain, consumes all
Hope within you fades away to nothing
The flame dims
Light escapes all
Then it's gone, all is gone
Fades away
Ash of life, stink of truth chokes the breath from you
Weakness begins to grow
Overcoming you
The flame dims
Light escapes all
Then it's gone, all is gone
Fades away
