obstacle to joy (one reason for drugs) slept on a  
mexican beach, slept in trash  
(american trash) thinking too much can ruin a good  
time. I asked a mexican who  
ran a bar for americans "who won" I said "the  
election?" he laughed and I felt  
like a gringo - we paid for a song and they had fun with  
us. why can't you buy  
a good time? why are there soldiers in the streets? why  
did I spend the fourth  
in someone elses country?  
SONG: THE PRODUCT wrapped and sealed with  
masking tape moistened with sweat  
experience existance of ignorance - the product of  
capitalism.  
SONG: LITTLE MAN WITH A GUN IN HIS HAND the  
highest love, a woman's touch  
harmony a strong mind a strong body beauty all the  
things he couldn't be, all  
the things he couldn't have. Little man with a gun in his  
hand.
