Got a ton of white boy guilt, that's my problem,  
Obstacle of joy, one reason to use some drugs.  
Slept on a mexican beach slept in trash - American  
trash  
Thinking too much can ruin a good time.

I asked a mexican who ran a bar for americans  
"Who won" I said "The election?"  
He laughed, I felt like a gringo,  
They played a song and they had some fun with us.

Why can't you buy a good time? Why are there soldiers  
in the street?  
Why'd I spend the fourth in someone else's country?
