Say now
My trip in line with others
Have the door pointing to others
Door means a separate wall is in between
Symbols assert the
Big
Butt
Whooping
Close your eyes
Open them take our test
Close your eyes
Open them
Not since those days
This rhythm that is all head
What makes
Breaks the fakes
Close your eyes
Open them take our test
Close your eyes
Open them
Not since those days
And when reality appears digital
And the big hankering cometh
I'll vote yes for life in the big choice poll
I'll be glad I did
Your mind
Organized by nazis
Your heart and mind conspiring
Close your eyes
Open them take our test
Close your eyes
Open them
Not since those days
Not since those days
Forever with you
Ever without you
Take our test
(And so on)
