the door pointing to others. "Door" means a separate wall is in between (symbols assert the big butt whuppin'!) Close your eyes, open them. Take our test! Close your eyes, open them (not since those days!) This rhythm that is all head. What makes the breaks, the fakes? Where reality becomes digital and the big hankering cometh, I'll vote "yes" for life in the big "choice" poll--I'll be glad I did. Your mind, organized by Nazis (your heart and your conspiring).  
Forever with you, ever without you--take our test!
