

Withering Surface **"Majestic Mistress"**

Penetrating your lips of delight
Venus, await me

Majestic mistress
Majestic, the wounds
The wounds inside

I... I transcend the ironic bounty of you

Engraving our lecherous lust
To the perverse fervour
Obtained by our deep passion

Entangled in each others souls
Majestic mistress
Majestic, I found
The princely journey
Majestic, I found
The grateful learning

Majestic mistress
Majestic, the wounds
The wounds wide open
Majestic, the wounds
Blood runs unspoken
