So you've been waiting all these days and nights
For your savior to arrive
You've got no reasons and you've got no rhymes but
I see the pain in your eyes

I see you crying on the floor
Don't leave me hanging, don't let go
Let go

So if you call me a hero
I'll be the one who can take your pain away
And if you call me a hero
Why don't you let me save your day today

I'm not the one who will leave you hanging
I'm not the one with the noose
You kicked the chair out, and no one's there now
You thought that nobody knew

I see you crying on the floor
Don't leave me hanging, don't let go
Let go

So if you call me a hero
I'll be the one who can take your pain away
And if you call me a hero
Why don't you let me save your day today

I've been waiting, I've been praying
I've been lying, I've been dying

So if you call me a hero
I'll be the one who can take your pain away
And if you call me a hero
Why don't you let me save your day today

And if you call me a hero
And if you call me a hero
And if you call me a hero
And if you call me a hero
