Ever since the beginning of time  
Man has searched for ways to enhance his own well-  
being and state of mind  
From forbidden fruit, sins of the flesh, to the constant  
struggle for fortune and fame.  
What is it that creates this haunting desire that makes  
one so eager for personal achievement?  
Remember the book about your life, is whatever you  
choose to write.  
After all you only have one life to live.  
So, cycle a smile and enjoy for awhile, because  
anything in life is worth trying once, as long as it's  
within reason, within reason.
