I know that it's scary.
The fact you never know.
How short your life really is.

I thank you for caring.
Memories never lost.
Just know that we will meet again.

When you think of me, just know I made it home.

(Chorus x2)
Bring back the man, you took away.
Still have something, I want to say.
Bring back the friend, you took away.

I wanted to marry.
Find that perfect soul.
Now I'll never get the chance.

I wanted to carry.
Child I never saw.
Be the dad I'll never be.

When you think of me, just know I made it home.

(Chorus x2)
Bring back the man, you took away.
Still have something, I want to say.
Bring back the friend, you took away.

I wanted you to carry on.
You missed out, never had it all.
If I could only make the call?
You'd come back home.

(Chorus x2)
Bring back the man, you took away.
Still have something, I want to say.
Bring back the friend, you took away.

Took away, missed out on the life you took away.
