"I Will Always Love You"

If I should stay
I would only be in your way
So I'll go but I know
I'll think of you every step of the way

And I will always love you
I will always love you
oh, you, my darling, you - oh

Bittersweet memories
that is all I'm taking with me
So goodbye, please don't cry
We both know I'm not what you need

And I will always love you
I will always love you

(Solo Sax)

I hope life treats you kind
and I hope you have all you dreamed of
And I'm wishing you joy and happiness
but above all this I wish you love

And I will always love you, I will always love you
You, i will always love you , I'll always love you
i will always love you, i always love youu.
you, darlin i love you, ohh i will always love youu.
