I don't know why
I couldn't sleep without you
I don't know why
I couldn't breathe without you
so tell me why
I couldnt be without you
your the reason why
I feel sick inside
your the reason why I feel blind
I cant break free
its like I'm trapped I have no light
powerless I have no sight
deep inside
my stomach turns she pulls me in
I'm in her grasp with no defense
I don't know why
I cant get enough of you
I don't know why
your like the drug that gets me through
so tell me why
I cant break myself from you
I cant break free
its like I'm trapped I have no light
powerless I have no sight
deep inside
my stomach turns she pulls me in
I'm in her grasp with no defense
I don't know why
I couldn't breathe without you
I cant break free
its like I'm trapped I have no light
powerless I have no sight
deep inside
my stomach turns she pulls me in
I'm in her grasp with no defense
