I wanted to tell you
That you are the center of my world
How much you mean to me
And now you've flown away
Out of the clear blue sky
Life was forever changed that day
Taken away from me when fate came into play

I wanted to
Tell you that I loved you again
And promise to
Be there with you 'til the end

Memories are all I have
Of your every breath, your every word
It's hard to get through the night
Since you've gone away
All my dreams are about you
Falling into my arms
And then
Taken away from me
With so much left to say

I wanted to
Tell you that I loved you again
And promise to
Be there with you 'til the end

Riding my emotions
Fighting back the waves
Dark clouds out my window
Broken glass on the pane
Constant reminders
How fate can betray
Just one missing piece and the puzzle's not the same

I wanted to tell you
That you are the center of my world
How much you mean to me
And now you've flown away
Can't stop thinking about you
Your every breath

Your every word
Taken away from me
When fate came into play

I wanted to
Tell you that I loved you again
And promise to
Be there with you Â'til the end
I wanted to
But IÂ'll never see you again
I promise you
YouÂ'll be in my heart Â'til the end
