I'm onto you
You know it's time to say goodbye
I'm onto you
And I know all there is to hide
I'm onto you
You see I finally recognize
I'm onto you
And it's all to your demise

So long now
I was holding
Out hope for you
But it's too late
For us
It's over
So long now
I've wasted time on you

I'm onto you
I know I'm not to you
I'm onto you
And the games you play for fun
I'm onto you
The wicked ways behind your smile
I'm onto you
But I've known it all the while

So long now
I was holding
Out hope for you
But it's too late
For us
It's over
So long now
I've wasted time on you
But it's too late
For us
It's over

Slip away and lose it all
Slip away and lose it all
Slip away and lose it all

Slip away and lose it all

I'm onto you
I'm onto you
(I'm onto you)

So long now
I was holding
Out hope for you
But it's too late
For us
It's over
So long now
I've wasted time on you
But it's too late
For us
It's over

Slip away and lose it all
Slip away and lose it all
Slip away and lose it all
Slip away and lose it all

I'm onto you
