Yeah..

Aye Aye it's the party of year

All my mates in here

[Verse 1]

This feel like the party of the year

All my mates say here

Got a couple honey's on a three like musketeer.

Got our camera's here

Taking pics like a premier

And if you ain't got no drinks then you can't hang like  
chandelier.

And we gon' party till we pass out

I'm the first in and the last out

And we jumping up and down

Up and down on someone's dad's couch

Backed house and we faded

All my people winning

Is that a mirror on your pants girl cause I can see me in  
'em

[Chorus]

Party of the year, year, year

I got all my mates in here, here, here

Sprayin' bottles in the air, air, air

Cause we live like we don't care, care, care

Now watch me, watch me go!

Now watch me, watch me go!

Aye it's the party of the year, year, year

[Verse 2]

Got me slurrin' my words, slu-ur slurrin' my verbs

Your body so amazing

I wanna drive up and down of your curves

Take it low, I'm talking very low

Tell the DJ keep it spinning like we on a merry-go

Yeah call me black guy but I party like a white boy

Only live once, so you better live it right yo

Two sets of twins and they both 10s, that's 20 20 vision

You take half and I'll take half I call that long division

[Chorus]

Party of the year, year, year

I got all my mates in here, here, here

Sprayin' bottles in the air, air, air

Cause we live like we don't care, care, care

Now watch me, watch me go!  
Now watch me, watch me go!  
Aye it's the party of the year, year, year, year  
yeah.. yeah.. yeah.. yeah..  
Aye it's the party of the, it's the party of the, it's the  
party of the year

History in the making  
This is how we do it, I  
I'm bout to pumb my yes i'm fly  
Let me see yo hands up high  
Like moneys fallin' from the sky  
Why?  
[Chorus]

Sprayin' bottles in the air, air, air
