Bondaged i laid in this room
Waiting for torture that will come
I will survive it 'cause i've done it before
I hear your steps, my heart was pounding
I hear your steps, fear around me

Your cold psychotic eyes
Break my walls and anger
Your mask was stripped down, i don't understand

Is it you - or not, why?
Father?

Bridge:
Nobody will hear your cries
Here in this chamber you will die!

Refrain:
Death is my life, oceans of time
I've sailed to find you

Now is the time and i look
I look into your black eyes
In a destroyed fortress that was your soul

Frozen inside, when i see you
Frozen inside.....

You never told me about
About these hours of agony
But i must do what i have to do

The voice told me, so i must kill you
The voice told me.....kill her!

Bridge:
Nobody will hear your cries
Here in this chamber you will die!

Refrain:
Death is my life, oceans of time

I've sailed to find you
Here in this chamber you will die
Nobody will hear your cry
