Their dark hearts lust for power  
Their dark minds search for might  
Their dark eyes see your secrets  
Their dark soul eats your mind

They're loyal only to themselves  
They follow their own rules  
They take your life and freedom  
They push you to your doom

[Ref.]  
Hecetisse - evil witch  
Hecetisse - Satans Harlot  
Hecetisse - Mans corruption  
Hecetisse - Darkness bride

You better look out  
You have to take care  
You never will know when  
You will be caught

In their net of lies  
In their dark magic  
In their false beauty  
In their hole life

[Ref.]  
Hecetisse - evil witch  
Hecetisse - Satans Harlot  
Hecetisse - Mans corruption  
Hecetisse - Darkness bride

Their craving knows no end  
They will break your will  
You will become their slave  
In all eternity
