"Masters Of The Sea Of Gods"

There is a place on this earth it's called "sea of gods".
You will think there is water in it but it's only blood.
The blood of thousands fighters has filled the sea of
gods.
When you want to drink it you'll get the power of them.

Fight and kill, warriors of the golden hall.
Fight and kill, masters of the sea of gods.

If you want to find the place you must fight the masters
of
Hell. I'll give you some weapons to win the fight. Herer
is my
Sword and bow. Only they can help you. And this is the
card
Of the forgotten land.
