Can you hear the call?  
Can you hear Him calling us all?  
Tons of elder souls,  
Sons of an old distant world  
Ancient fallen angels whirlwind  
We're the ones denied in paradise

Hey ! Fallen angels fall  
Hear us shouting out loud  
Now, Fallen angels fall  
Surrender to the call

Call of fate, Taking our wishes away  
Call of fate, Telling us this is the day  
Call of fate, Leaves us to pieces to decay  
Everlasting debt to pay !

If we could fool him, If we could fight  
If only shadows could bring the light  
We would alight the steps yet unknown  
Back to the light...

When the night has come, the light has gone, we're all  
as one  
Fallen angels  
In agony, we're gonna be, eternally

Fallen angels

For when the night has come  
And when the light has gone  
We're gonna be as one  
Fallen angels

Living in agony  
We'll always gonna be  
Now and eternally,  
Fallen angels fall, fall, final helping call !

Falling down, falling down, falling down  
Falling overboard into the seas of doubt, into the seas  
of doubt !

Falling down, falling down, falling down  
Falling overboard into the seas of doubt, into the seas  
of doubt !

Hadn't heard the call, wouldn't have had to fall  
Now we've lost it all  
Nothing's left and time has passed us by  
Haven't got a door to the room before  
Heaven yet adored  
Ain't no turning back, it's all past now
