Well you know everythings gonna be a breeze
At the end without doubt, just defy the means
You can fix any problem with the slightest of ease
Yes please

But you might find out it'll go to your head
When you write a report on a book you never read
With the snap of your fingers you can make your bed
That's what I said

Everything is not what it seems
When you can get all you wanted in your wildest
dreams
You might run into trouble if you go to extremes
Because everything is not what it seems

Everything is not what it seems
When you can have what you want by the simplest of
means
Be careful not to mess with the balance of things
Because everything is not... what it seems
