As I was lying in my bedroom fast asleep
Filled with those famous teenage pictures that you
keep
Will Dion still be so important to you on your wedding
day

Angel Fingers, Angel Fingers
How I'd sing for the things you do
How it lingers, Angel Fingers
That's why I fell in love with you

I drove my motorcycle to that small café
That's when I heard our favourite record start to play
If I'm not singing in a suit that's clinging
Please don't walk away

Angel Fingers, Angel Fingers
How I'd sing for the things you do
How it lingers, Angel Fingers
That's why I fell in love with you

If I could land a job with that cool rockin' band
You'd notice me with that red guitar in my hand
With money in my jeans my baby
We'd have all these things we planned

Angel Fingers, Angel Fingers
How I'd sing for the things you do
How it lingers, Angel Fingers
That's why I fell in love with you

Oh Oh Angel, Angel Fingers
How I'd sing for the things you do
How it lingers, Angel Fingers
That's why I fell in love with you
