Visit "[Peace Of Mind](#)" on MotoLyrics.com

I'm telling you now is the time
To chase your dreams and not let go
Running up running down can't you see I am
Looking up from my window in my mind

Sure will come the time ^- for some peace of mind
Sure will come the time ^- for some peace of mind

Keeping up I'm holding on to you now
Riding on a sad sad song
I tell myself now would be a good time
To let it all go for some peace of mind

Sure will come the time ^- for some peace of mind
Sure will come the time ^- for some peace of mind

SOLO

Sure will come the time ^- for some peace of mind
Sure will come the time ^- for some peace of mind
