I wanna be in Wonderland
I wanna get down in the sand
She's got that magic touch
I don't need to mess around

Could you lend a hand?
'Cause people don't understand
She lives on her own
Down in Wonderland

I fell down a hole
Into another town
Living underground
Looking for that sound

She got everything on a string
And everything else in between
It don't matter which way or how
Gonna have to get there somehow

Could you lend a hand?
'Cause people don't understand
She lives on her own
Down in Wonderland

I fell down a hole
Into another town
Living underground
Looking for that sound

Oh, oh, she's got every little thing
Hanging from a string
Oh, she got every little thing
Hanging from a string

Oh, she got every little thing
Hanging from a string
Oh, she got every little thing
Hanging from a string

Could you lend a hand?
'Cause people don't understand

She lives on her own
Down in Wonderland

I fell down a hole
Into another town
Living underground
Looking for that sound
