

Wolfmother **"Phoenix"**

Visit "[Phoenix](#)" on MotoLyrics.com

Illumination inside of you
Simplicity is in all we do
Like a landslide falling beneath you
Look to the future is all we can do

Like a phoenix rising in the sky
We will run into the morning light

Highly recommended by someone
With an inclination to enjoy
Misinterpret such a simple life
With one eye to satisfy

Like a phoenix rising in the sky
We will run into the morning light

Like a phoenix rising in the sky
We will run into the morning light

Like a phoenix rising in the sky
We will run into the morning light
