Can you see it's full of lightning?  
All the futures that I see are whitening  
I see the time of yesterday  
Become the time that we have today, ow

I'm looking for a hidden meaning  
Can you tell me if it's just a feeling?  
I see the light shining in your eyes  
Is it love just in disguise?  
I saw the light shine out today  
I saw the light shine out today  
And it told me that I, that you're not the one for me  
That you're not the one for me

Can you hear the ancient calling?  
I see the empires we built are falling  
All we have is a human touch, ah  
Think I can stick it even as we rush, ah
