[spoken] "This is a song about innocence lost"

Oh girl, I don't know all the reasons why  
I found the answer looking in your eye  
I go out walking all day long  
Take away this lonely man, soon he will be gone  
Cause I'll tell you everything about living free  
Yes, I can see you girl  
Can you see me?

You don't need to know what i do all day  
It's as much as I know  
Watch it waste away  
Cause I'll tell you everything about livin' free  
Yes, I can see you girl  
Can you see me?

Go and see the sorcerer, look into the ball  
You may find the answer written on the wall  
Look at what's inside her  
Can you see the answer?

Put her on a mansion on top of a hill  
Please don't make her do the things against her will  
I found something special  
I don't know why  
Looking into her pretty little eye  
Cause I'll tell you everything about being free
