"In Memory Of Me"

So many memories, I recall
Wish I could do it all again
All of those years, have come to pass too soon
Part of me dies with our demise

Try to speak but I can't find the words
(Echoes are all that remain)
Wave goodbye to all I thought I'd be
(While dusk tells of new found love)
Guess it's time to go, time to leave the past behind
(Leave the past behind...)
Time to face the truth and let go of what's to hold

All these tears of mine celebrate our deed
They are a token of what we achieved
Sorrow and pride, chaos and peace of mind
Bitter and sweet, we're moving on

Try to speak but I can't find the words
(Echoes are all that remain)
Wave goodbye to all I thought I'd be
(While dusk tells of new found love)
Guess it's time to go, time to leave the past behind
(Leave the past behind...)
Time to face the truth and let go of what's to hold

The road ahead has many ends
Where we'll end up we still don't know
I'll be proud as I travel, proud of what I am leaving

Now there's no time to be afraid
We'll see the future eye to eye
I don't care what tomorrow brings
I strongly believe in who I am

Now when I speak I finally find the words
(A poet that lives by his rhyme)
Wave hello to who I came to be
(While dawn tells of new found love)
Now it's time for me, time to see with open eyes
(See with open eyes...)

Time to face the truth and embrace what's there to
hold
