All these changes I've been wanting
Greet my morning and I'm thinking
Am I a blessed one? How did I get this far?

Could it be that I'm a changed man and that I'm finally
breaking free?
Free from all of my illusions that I would never be
enough
Could it be that I'm just fine the way I've always been?
Could it be that I'm alright despite the flaws that I've
seen and lived...

I've been hiding for a lifetime
Never wanted to be found but
Somehow I dared to be more than I thought I was

The life I lived in silence was my padded prison cell
I would never find a way back as far as I could tell
It was all so still... I was all so still...

I remember how I stumbled towards
A tranquil fate of living by the will of others
I waited for something much more...

I waited for something much more...
I waited for something much more...

Don't live afraid... Don't live ashamed...
Don't live in wait... The road is yours to walk...
