"Time"

Growing deeper as the tears fill my eyes
Is this my life or just a waste of time?
I'm still waiting for a sign of life
Why are life and silence still one?

Falling down, I sleep
Escaping from reality?

Wisdom's killing me, when I am close to you
Wisdom's killing me, when I reach for you

Wisdom's killing me, when I am close to you
Wisdom's killing me, when I reach for you

It's growing deeper as I'm trying to forget
I'm still waiting for the time?
