Look beyond my face and love me  
Im not the good girl you should know  
There was a time when I thought of you  
There was a time when you thought of me  
Look in my eyes and say you love me  
Look in my eyes and say you want me  
Your love only had time for me at night  
Your love have no time for me inside so  
Ive had enough time to think it over  
Ive had enough time to decide yes and I say  
There's another word for love  
There's another word of course  
Im just more than you can see obviously

Chorus:

Im just more, I'm just more, I'm just more  
Im just more, I'm just more, I'm just more  
Its too late to look beyond  
Its too late to darn my socks  
I left my shoes left you behind  
Ran barefooted through the crowd yeah  
There's another word for love  
There's another word of course  
Im just more than you can see obviously

Chorus

There's another word for love  
There's another word of course  
Im just more than you can see obviously  
Its too late to look beyond  
Its too late to darn my socks  
I left my shoes left you behind  
Ran barefooted through the crowd yeah  
There's another word for love  
There's another word of course  
Im just more than you can see obviously

Chorus

Im just more  
Yes and I say  
There's another word for love
