There's no more groove left in love
Sometimes I wonder if there's room up above
My hearts grown heavy
Weighed down by pain
Here comes the rain clouds
Pouring down again
People hear my cries

No more groove left in love

We're always shoving cause people shove
But I don't wanna fight
I just want to fall in love
Call me crazy I'm being sincere
No matter what they tell me
I'm gonna make it there
We need to spread the love

No more groove left in love
No more groove baby left in love
