She was waiting in the bed for him  
Took a she'd up her arms  
She hadn't felt that damn good  
Since she had lovin' on

Well everybody in the city  
Where nothings for free  
You can what you want  
And forgot what she needs

That girl ain't ever been so easy  
On the corner looking nice and sleazy  
Then up walks mister greazy  
His erection needs affection  
Just a ticket to her next injection  
Well that's all I could say

Sweet melissa how I've missed ya'  
And the sweet summer nights that kissed ya'  
Lately time's gettin' so hard to find  
I just want you to know that I missed ya'  
Well that's all I could say

She put her money where her mouth is  
That just the way that life goes  
She put her money where her mouth is  
Cause she knows, she knows  
That it goes

It's always black or white never in the middle  
It's either hot or cold come keep me warm  
It's either day or night it's gonna be alright  
Just as long as gets me through the storm  
And life goes on
