[Woodie verse:]

I'll smile in your face and talk shit behind your back ho
Tellin' all the homiez how you gave up the asshole
You skanless hoes get no love, and no respect from me
If it wasn't for that pussy we'd be huntin' you in trees
All ya'll do is spread disease and run your mouth non
stop
The only time ya'll shut the f*ck up's when ya'll suckin'
some cock
But have the nerve to talk about your life dreams and
shit
As you're lyin' on your back while I cream your tits
And I got footage on you hoes,
Just in case one of you sluts become the next J-Lo,
I'm gettin' paid for sho'
So if you ever try to cross me think again b*tch 'cause
the fact is
I'll have you known on video that ho face down on the
mattress
That take it up the ass b*tch, that famous got no cash
b*tch
Slang it out the trunk and title it East Co Co's nastiest
Bootleg the video to the independent record stores
Send a couple copies to your family, understand me
Ya'll wanna get skanless I'll get four times as skanless
On you filthy creatures causin' permanent mental
damage
While you hopin' I die b*tch I'll still be bendin' corners
Makin' money out my old school in northern California
