[Woodie:]

16 years old, I'm guided by violence objective leave
enemies silenced
Get any strap you can get put in work and avoid the
sirens
Mamas only child's growin' up to be wild,
Roamin' the streets without a smile
To cope she lives in denial, meanwhile
Crimes are committed if there's a stripe he's out to get
it
Build his rep, don't let opposites step within
neighborhood limits
All his homiez up in it nothin' but love at the beginnin'
Yeah we sinnin' laughin' and grinnin' cause in our eyes
we're winnin'
The nights become long and crazy, days quicken the
clock is tickin'
So caught up in norte clickin' barely notice homeboyz
missin'
Cops lockin' up fellow riderz for murders makin' 'em
lifers
Means someone from inside is snitchin' tryin' to hang
up and dry us
Betrayal, clouds up his brain mixed with the pain of
homiez droppin' dead
Mama's prayers before she hops in bed so far ain't
stoppin' lead
So mama's son still runs with fighters seekin' death
upon these liars
Randomly searchin' for hiders puttin' miles on these
tires
