The earthquake
Is making
The house shake
The house shake

The earthquake
Is making
The house shake
The house shake

I don't know
What to do
In times of
Disaster

Solid things
Go liquid
And the breath
Gets faster

I ask you
What you think
Of my former question;
Is this a
Release, or
A build up
Of pressure?

The earthquake
Is making
The house shake
The house shake

The earthquake
Is making
The house shake
The house shake

I don't know
What to do
In times of

Disaster

Solid things
Go liquid
And the breath
Gets faster

I ask you
What you think
Of my former question;
Is this a
Release, or
A build up
Of pressure?

Of pressure
Of pressure
Of pressure
Of pressure

Of pressure
Of pressure
Of pressure
Of pressure

Of pressure
Of pressure
Of pressure
Of pressure
