( Yoyo A Go Go Compilation )

Take me to the waterfall  
Let me walk along the wall  
Nice day for a picnic basket  
Hope my shoes have got good traction

Water makes a scary sound  
It wants to pull me, push me down  
I better get used to it though  
The tide is high the tides is low

I look through my fingers  
And it's easy to believe  
That the water that is falling  
Really wants to swallow me

It's a nice day at tumwater falls  
If it's not the water then it's nothing at all

It's a nice day at tumwater falls  
If it's not the water then it's nothing at all

(Repeat)
