Your love fell quickly down from the stars that night
And I fell through into your arms
I'm guessing that we'll never have to part
It's been like this from the start
You're my dream come true
The very thought of you meakes me weak
I can hardly keep on my feet
I'm guessing that we'll never have to part
It's been like this from the start
You told me what life could be on Jupiter and Mars
Your love is so strong it's like a spaceship to the stars
Even on a cloudy day I can hear you say to me
You're the one I'm dreaming of
I'm guessing that we'll never have to part
It's been like this from the start
I'm guessing that we'll never have to part
It's been like this from the start
