It started out another hum drum Saturday,  
Another show let's hit the road and start packing them  
in,  
As we roll we lose control we're crashing anyway,  
These Saturdays come and go.

Break out, Forget about the self doubt, No worries what  
a turn out,  
We're ready to go!

As we arrive, we take a drive around the sliding door,  
Two scenester girls with that half crying look in their  
eyes,  
They help unload and start to poster local record  
stores,  
Calling more to come inside.

Stand up, Don't have to understand much,  
Come closer reach out and touch,  
It's all about the perfect time

Tic tac toe we're putting on a show,  
Another switch hit resistor,  
Rip set go, it's all about to blow,  
You never leave yourself behind, let it go.

We're standing by, we're going live in five four three  
two one,  
There couldn't be a better crowd so it's time to begin,  
No turning back, time to attack and blast the starter  
gun,

Come undone, become alive.

Let go,  
Forget about the work flow,  
Just follow 'long and ride slow,  
It's all about the perfect timing.

Tic tac toe we're putting on a show,  
Another switch hit resistor,  
Rip set go, it's all about to blow,

You never leave yourself behind, let it go

Don't let them down just forget it and go  
Next time around you could define radio  
Made up my mind deleted my firewall  
Next in town we're gonna capture them all  
Don't let them down just forget about it  
Next around we're gonna capture them all  
Don't let them down, let them down, yea.

Tic tac toe we're putting on a show,  
Another switch hit resistor,  
It's a go turn on your radio,  
You'll never understand, never understand, so  
Tic tac toe we're putting on a show,  
Another switch hit resistor,  
Rip set go, it's all about to blow,  
You never leave yourself behind, let it go
