Months come by and I  
Been playin this waiting game  
Not much more that I can do  
Seems every day's the same  
But today is that day  
Bundle of joy to come  
Can't hold back no more  
Emotions rise  
And I'm overcome€;

Now the tears fall from my eyes  
As I'm watchin you arrive  
Somethin breaks deep down inside  
Cos you are my joy, my pride

You've got your mother's eyes  
Just can't get over you  
In moments of sacred love  
When God gave us you  
Hold on to the good, my angel  
????????????? despair  
Take my hand you will fall, little one  
You're my holdin arm

Now the tears fall from my eyes  
As I'm watchin you arrive  
Somethin breaks deep down inside  
Cos you are my joy, my pride

All the things that I've been through  
Experience I'll share with you  
In years to come I'll watch you grow  
Try to guide you along that road  
Though we may disagree  
My child you will always be  
And after I'm long gone  
Always know you're never alone

(Your eyes) They melt my soul  
(Your smile) It keeps me warm  
(Your voice) It drove me to

(Touch you) Whenever I can and  
(Inside) My head I feel  
(My mind) Is filled with you  
(It's like) A dream come true  
(And now) It's reeeeeaaaal

Now the tears fall from my eyes  
As I'm watchin you arrive  
Somethin breaks deep down inside  
Cos you are my joy, my pride [x3]
