Yeah, whattup, world?
Wordsworth, you know what I'm sayin'
Ain't no better time than that
Ain't no better time than the present

We gonna get into the situation for the situation
So I can talk about the situation
You know what I'm sayin'
Ayatollah on the beat, let's do it

Right now
You're privileged
My freestyle and phenomenal writtens
Gives y'all a conflict of interest

Whenever I star
The entrance line is so far in distance
You think up ahead is a car collision

If you heard or read separately
That I smashed a celebrity's integrity
Believe, it's all fact, not allegedly

Murder y'all professionally
No hype man next to me
That only puts him in jeopardy
Of bein' an accessory

Can't control my conduct facin' you
The radio adds to the ratio
Of bein' confrontational
My concerts pay per view's capable of enragin' you

To drive a car or truck with a bomb duck taped to you
Put your arms up, got you raisin' your hands
Like you confused about the rules
Before you take your exam

Like your left one's on the bible
Before takin' the stand
Words is the inspiration
For the creation of man

Wait, ladies and gentlemen, glad y'all waited
Thanks but I need you attention
(Right now)
We finally headed in the right direction to get it
Ain't no better time than the present

Throughout the metropolitan
I got a cult followin'
Sore throat, swallowin' from sittin' close, hollerin'
Some listeners rhyme but after they listen to mine

The list to resign looks like a petition was signed
Come on, you gotta believe, my lyrics guided your
seed
Put 'em in the album cover and it got 'em to read

You not in my league
My flow's cold in the hottest degrees
Can seize and cause liquor in a bottle to freeze
A lotta emcees, when they see me on the streets, try
me

But they only claim to fame is gettin' beat by me
But if you recollect and did a background check
Of my past, I bet I wouldn't be at sound check

When we collaborate to my madness, there's no
method
I don't care if we in the same room or we wrote
separate
If I'm first or third, fourth or I go second
Unless I'm last, the DJ won't play the whole record

Wait, ladies and gentlemen, glad y'all waited
Thanks but I need you attention
(Right now)
We finally headed in the right direction to get it
Ain't no better time than the present

In every class, there's a clown, so, when I ask the crowd
'Are there rappers around?' The whackest always has
to get loud
With a pack or a pile of cats
All night they hassle and hound

My crew, so they can try to battle me now
So here's a comparison to narrow it down
My delivery's by air and yours travels by ground
'Cause lightenin' to flash, thunder claps in the clouds

You can't counteract when you're under attack from the
sound
Security won't tackle you
Down your neck, I'll throw a lasso around
Hang you two feet from tappin' the ground

As of
(Right now)
Words is more anticipated
Than a patient waitin'
For a transplant match to be found

Wait, ladies and gentlemen, glad y'all waited
Thanks but I need you attention
(Right now)
We finally headed in the right direction to get it
Ain't no better time than the present
