Last night I hurt you  
I said some things for which I'm only to blame  
I wish that you never heard me  
I don't know why I always bite the hand  
that feeds me  
Love hurts and you know it, baby  
It's like a wound that gets deeper every day  
I know I can't change it  
That's why the lonely people just throw it all away  
(chorus)  
I know one day when time comes around  
You'll be dancing rhythm,  
I'll be jerking to the sound.  
I'm burning bridges behind  
Everybody's running 'round  
They're keepin' low and keepin' strong.  
Even though the day changes  
A heart that's broken can get lost on a  
winding road  
I know I can't help you  
I just watch the time go by and hope  
that you are coming home.
