As above So below
Kick in that open door

Stand back Stand aside
We might not have God
But we've got love on our side
Love rhymes with above
Love love love love
Say it a thousand times
Take back the night
with maximum feeling
Make louder love
Tempestuous noises
Make more of us
More lovers More choices
(Kick in that open door)
With maximum feeling
(Kick in that open door)
Kick in that open door
Were you afraid
We were in our wildest dreams
Did you run
We ran right towards the danger
Did you reach the other side
We laughed We cried
Were you proud
We were not thinking of ourselves
Did you wish for more
We wanted love We wanted everything
Jump in Don't stay outside
We might not have guns
But we've got butter on our side
Love rhymes with above
Love love love love
Say it a million times
Take back the world
with maximum feeling
Make bigger love
Ecstatic noises
Make more of us
More lovers More voices
(Kick in that open door)

With maximum feeling
(Kick in that open door)
Kick in that open door
Love love love love love love love
Say it a thousand times
Do it a million times
As above So below
Kick in that open door
