Lights out
Before you even knew that
They discovered that your alibi is a lie
You come to within a room
Without a clue of what's inside
Silence then a scream
Fused to an artificial respiration machine

Up on the second floor paralyzed with blinded eyes
You cannot rid you of yourself or of all of those
surrounding you
Punishment they all say has fit the crime
Deep in your mind will be your former glory
In the purgatory dormitory

(solo Jaeger)

Anesthetic local removing cords of vocals cannot
speak
Notice that your hearing's stifled,
Extinguished explanations that you seek
Every nerve submerged in procaine
In every vein
Now you're just a brain...

Up on the second floor paralyzed with blinded eyes
You cannot rid you of yourself or of all of those
surrounding you
Punishment they all say has fit the crime
Deep in your mind will be your former glory
In the purgatory dormitory

Laden with guilt and injected with shame
You don't know the names of these empowered saints
you blame
Can't feel the cold, cannot feel the flames
Cannot feel the presence of your body's weakened
frame

(solo Jaeger)

Up on the second floor paralyzed with blinded eyes

You cannot rid you of yourself or of all of those
surrounding you
Punishment they all say has fit the crime
Deep in your mind will be your former glory
In the purgatory dormitory
