A supernatural threshold to pain  
Will come to your defense  
When appendages go up in flames  
A strike of a match, the stench of kerosene  
All you remembered  
Before your quarters  
And possessions hosted human ember  
The seizures, the lust  
The blackouts kill your recollection  
Arson obsessive, pyro-compulsive  
The singeing, the scorching  
The smouldering through third degree  
Has been and will always be  
Pyro-compulsive at high frequency  
Self inducing blackening anatomy  
Pleasure from pain and untold misery  
Psychoanalysis, the law demands release  
Pyro-compulsive at high frequency  
Psychoanalysis fire always sets them free  
Consciousness is lost  
While everything you own goes up in smoke  
Dying ventilation, inhale the incinerating toke  
Under the dermatome  
And placing graft on top of graft  
Addicted for as long as it lasts  
Just one more time before I pass  
The seizures, the lust  
The blackouts kill your recollection  
Scarring flesh feeds infection  
Arson obsessive, pyro-compulsive  
Burning fantasies in gasoline  
As heat consumes your entity  
Torch your own identity  
Pyro-compulsive at high frequency  
Self inducing blackening anatomy  
Pleasure from pain and untold misery  
Psychoanalysis, the law demands release  
Pyro-compulsive at high frequency  
Psychoanalysis fire always sets them free  
Burning fantasies in gasoline  
As heat consumes your entity  
Arson obsessive, pyro-compulsive

Pyro-compulsive at high frequency  
Self inducing blackening anatomy  
Pleasure from pain and untold misery  
Psychoanalysis, the law demands release  
Pyro-compulsive at high frequency  
Psychoanalysis fire always sets them free
