So they're filling up the tank  
So they're pulling on the chains again  
So my seconds slip away  
The night is young  
And god she's beautiful  
Maybe I should go to see her  
But then my dirty window eyes  
See the mirror and the man inside  
I think it's time to just go blind  
I think it's time to just go blind  
Comfortable denial I want to be  
In comfortable denial I want to be  
In comfortable denial I want to be  
In comfortable denial  
So they're scratching on the door  
I could cross the room and answer it  
I've made that mistake before  
The night is young  
But not so merciful  
Maybe I'll go out the window  
Comfortable denial I want to be  
In comfortable denial I want to be  
In comfortable denial I want to be  
In comfortable denial  
Then my dirty window eyes  
See the mirror and the man inside  
I think it's time to just go blind  
I think it's time to just go blind  
Comfortable denial I want to be  
In comfortable denial I want to be  
In comfortable denial I want to be  
In comfortable denial
