You're walking hand in hand
You're smiling smiles and I can't stand it
It's beautifully ugly
I have to fall apart
Just so my pieces look like art
That's as beautiful as I get
But you take it all away
When I see the smile on your face
I don't mind, it keeps me in my place
You can tear my heart right out
Leave me here with all my doubt
You don't scare me more than I do
cause I don't think I'm scared of anything
Except happiness
You think I'm copping out
But there's no argument or doubt
That you don't know what you're missing
That's why I bring you down
So there's no place to go but up
It's positive thinking
But you take it all away
When I see the smile on your face
I don't mind, it keeps me in my place
You can tear my heart right out
Leave me here with all my doubt
You don't scare me more than I do
cause I don't think I'm scared of anything
Except happiness
But I guess maybe love wouldn't kill me
If I let it in
Oh no there I go again talking like a fool
I would never be the same again
You can tear my heart right out
Leave me here with all my doubt
You don't scare me more than I do
cause I don't think I'm scared of anything
Except happiness.
