

Worse Than You "Never Again"

I wish I'd known the mistery your words hid
I wish I'd realised earlier
I wish your words hadn't struck me as hard as they did
I wish you hadn't left me in such a mess

Your blades cannot cut deeper
cause there's nothing left for you to tear apart
My heart is shredded to pieces
For my welfare I'll have to leave you behind
Say goodbye, and never see you again!
I wont' ever see you again and
I wont't ever see you again
I wont't ever see you again and
I won't ever see you again!

I think my heart is in need of repair
it went dead after you used it (Let's go!)
I think I can get it to go on again,
but it won't ever be what it used to
