Don't ask, don't tell  
Just keep it to yourself  
Don't lie, don't cheat  
I'm not ready to face the piece

Be still, lay low  
Nobody needs to know  
Be sure to deny, crush your heart  
And hope to die

My faith is in your hands dear  
So please consider this  
I'd be ruined if they'd find out  
About the night we kiss

Don't say a word  
Imagine if they heard  
Don't use my name  
Don't put my life to shame  
Be still, lay low  
Nobody needs to know  
Be sure, be wise  
Put on a smile, and don't deny

My life depends on you dear  
So please consider me  
Let your love amount then through out  
That all recording key  
It was just one other spicy  
It was love that couldn't last  
And though I'd love to have you here dear  
Are our fairies in the past?

I had to paint this town in shade of you  
Get on that rollercoaster ride  
We walk the lane to the avenues  
If I could have you by my side

My life depends on you dear  
So please consider me  
Let your love amount then through out  
That all recording key

My faith is in your hands dear  
So please consider this  
I'd be ruined if they'd find out  
About the night we kiss
